FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of State Courts Administrator** state this proposal will have no fiscal impact on the Courts.

Officials from the **Department of Corrections, Office of State Public Defender,** and the **Department of Insurance, Financial Institutions and Professional Registration** state this proposal will have no fiscal impact on their respective agencies.

Officials from the **Office of Prosecution Services (OPS)** state this proposal will have no measurable impact on OPS or county prosecutors.

According to officials from the **Office of Secretary of State (SOS)**, many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the proposal. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process. Any decisions to raise fees to defray costs would likely be made in subsequent fiscal years.

Officials from the **Department of Revenue (DOR)** assume procedures will need to be revised by a Management Analyst Specialist I requiring 40 hours of overtime at a cost of \$805 in FY 11. In addition, DOR will need to develop an application for the special event motor vehicle auction license and a form to report all vehicles included in the auction. These forms will be in electronic format. This will require 40 hours of overtime for a Management Analyst Specialist I, at a cost of \$805 in FY 11. The DOR web site will need to be updated to include the new information relating to this proposal which will require 10 hours of overtime for an Administrative Analyst III, at a cost of \$218 in FY 11. Currently, a Revenue Processing Tech I can process 6 dealer applications per hour and 50 dealer reports that the Department receives in paper form per hour. It is unknown how many of these special motor vehicle auction licenses will be applied for per year, therefore DOR may need to request through the appropriations process additional FTE or overtime to process the applications for a special motor vehicle auction license as well as process and key the reports submitted for all vehicles taken to the auction.

ASSUMPTION (continued)

Oversight assumes the administrative costs associated with a limited number of licenses issued would be minimal and would not create a significant impact on the DOR resources and budget. If multiple bills pass which require additional staffing and duties at substantial costs, DOR could request funding through the appropriations process.

Officials from the **Department of Revenue (DOR)** assume there will be an unknown increase to the Motor Vehicle Commission Fund due to the \$1,000 special event motor vehicle auction license fee. DOR assumes there could also be an unknown increase to the Motor Vehicle Commission Fund from the \$500 administrative fee for every vehicle auctioned in violation of subsection 6 of the proposal.

Oversight assumes the income resulting from license fees is minimal and income from violations is speculative. For fiscal note purposes only, **Oversight** will shown Unknown - Expected to be less than \$100,000 income for the Motor Vehicle Commission Fund.

FISCAL IMPACT - Small Business

A small business conducting a special event motor vehicle auction would incur the expense of obtaining the license required by this proposal.

FISCAL DESCRIPTION

This proposed legislation allows the Department of Revenue (DOR) to issue a special event motor vehicle auction license to an applicant for the purpose of auctioning motor vehicles if 90% or more of the vehicles are at least 10 years old or older. Auctions can be held for no more than three consecutive days, but no more than two times in a calendar year by the same licensee. A report must be sent to the Director of the Department of Revenue within 10 days of the conclusion of the auction on a department-approved form specifying the make, model, year, and vehicle identification number of every vehicle included in the auction. Anyone violating this provision will be guilty of a class A misdemeanor and will be charged a \$500 administrative fee per vehicle in violation of this provision payable to DOR. Applications to hold a special event motor vehicle auction must be received by DOR at least 90 days prior to the event. Applicants must be registered to conduct business in this state, pay a licensing fee of \$1,000, and be bonded or have an irrevocable letter of credit in the amount of \$100,000. Applicants will be responsible for ensuring that a sales tax license or special event sales tax license is obtained if required.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
